THE LEGENDARY
BUCCANEER
MARINA & RESORT

THE LEGEND, RESURRECTED

WHERE HERITAGE MEETS A NEW ERA OF COASTAL LIVING

Since 1956, Buccaneer Marina has stood as a storied landmark in Palm Beach Shores — the oldest marina on Singer Island and a cherished enclave for seasoned boaters and coastal connoisseurs. Once frequented by legendary adventurers like Ernest Hemingway, the Buccaneer has long embodied the essence of South Florida's maritime spirit: timeless, elegant, and rich with character.

Today, after an extensive and thoughtful transformation, we are proud to unveil the next chapter of this iconic destination: the fully reimagined Buccaneer Marina & Resort. With state-of-the-art floating docks, 16 luxury waterfront residences, and a renewed sense of sophistication, the Buccaneer blends its historic soul with modern refinement.

At the center of the experience is our signature waterfront restaurant and bar, led by acclaimed Hell's Kitchen winner Chef Paul Niedermann — a culinary destination where residents and guests gather to enjoy elevated coastal fare in a setting that's both relaxed and refined.

For over 70 years, the Buccaneer has been part of South Florida's maritime legacy. Today, it stands ready to welcome a new generation of discerning boaters — those seeking not just a slip, but a sense of place, community, and belonging.

BUCCANEER WATERFRONT BAR AND GRILL

ELEVATED DINING, DOCKSIDE

Anchoring the social life of the marina for over 70 years, the Buccaneer Waterfront Bar & Grill is a refined yet relaxed culinary destination where local residents and guests come together to dine, unwind, and connect.

Helmed by Chef Paul Niedermann, winner of Hell's Kitchen, the restaurant offers a bold, seasonal menu that celebrates the best of South Florida's coastal bounty. From locally sourced seafood and hand-cut steaks to inventive small plates and signature cocktails, every dish is crafted with care and served with style. Boaters and marina guests can even bring in their catch of the day and let Chef Paul transform it into something extraordinary.

Enjoy outdoor dining on the dockside sun deck, sip a cocktail at the bar, or gather for a sunset dinner overlooking the marina. With live music, exceptional service, and an atmosphere that's both welcoming and refined, the Buccaneer Waterfront Bar & Grill is more than a restaurant—it's the heart of our community.

THE OPEN OCEAN IS MINUTES AWAY

UNRIVALED ACCESS TO THE ATLANTIC

Perfectly situated along the Lake Worth Inlet, Buccaneer Marina & Resort offers seamless access to the open Atlantic — placing you just minutes from some of the most pristine and navigable waters on Florida's east coast. With surrounding deep-water access, larger vessels requiring more draft can navigate safely without dependence on tide conditions. And with no time-consuming drawbridges to contend with, your journey begins the moment you cast off.

For those who live to chase the horizon, the Gulf Stream lies just offshore, offering world-class fishing grounds teeming with sailfish, mahi-mahi, wahoo, kingfish, and tuna. Closer to home, the inlet's thriving ecosystem is ideal for catching snapper, grouper, and tarpon.

Beyond fishing, Buccaneer Marina is home to crystal-clear waters perfect for diving and snorkeling. Just across the channel, Peanut Island offers some of the most incredible snorkeling in South Florida, with vibrant marine life and calm waters ideal for exploration. For those who prefer to stay ashore, some of Florida's finest beaches are within walking distance — sandy, clean stretches where you can stroll for shells, sea glass, and endless ocean views.

For guests seeking excitement, Peanut Island is also a hub of social gatherings, parties, and live entertainment. Located directly across the channel, our marina provides quick, easy access to the island's vibrant energy — whether you're heading out for a sunrise run, returning from a weekend voyage, or simply looking for a good time.

At Buccaneer Marina, every departure is effortless, and every return feels exceptional.
